

Nursery - Summer Term 2022

Our topic

This term our topic is **Sunshine and Sunflowers**. This is a Science and Technology topic and explores Statement of What Matters 3 'The world around us is full of living things which depend on each other for survival'.

This topic will provide opportunities for outdoor learning and teach the children how to care for the plants and animals in their local environment. The children will also be learning how to stay safe in the sun. As always, the topic will develop by taking account of the children's ideas and interests.

Keep an eye on what we are up to on our Twitter page - search [@ParcLewis](#)

As the days get warmer:

- Quality suncream should be applied **before** your child comes to school.
- Children should bring sun hats in to school (please make sure they are clearly named).
- Children should wear uniform that keeps their shoulders covered.
- Pupils may bring in a bottle of **water** to drink in class. This should be separate from their lunchbox and have their name on.

Snack

If your child brings their own snack in to school then please remember that this must be **fruit, vegetables or breadsticks only**. **Please cut grapes in half lengthwise**.

Supporting your child

Please continue to support your child's development at home by reading stories with them, singing songs and playing games. Encourage them to be independent by dressing and undressing on their own.

Read Write Inc

We will continue to introduce Read Write Inc sounds to Nursery this term and they will be sent home as we learn them. Please practise the sounds at home with your child.

Thank you for your continuing support. Don't forget that if you have any questions or concerns then please do not hesitate to speak to a member of staff.

Mrs Long - Teacher

Mrs Perry - Nursery Leader

Miss Griffiths, Miss Morgan and Mrs Dumphy-Wise - Support Staff
