

Dear parents/guardians,

To coincide with the changes to how the 'Personalised Assessments' are now completed, the feedback method has also changed. In order to access feedback about your child's performance and progress within the 'Personalised Assessments' completed during the 2024-2025 academic year, please follow the following instructions. In order to make better use and gain a better understanding of the feedback, please refer to the parent explanation sheet provided by the Welsh Government that is also included in this e-mail. Remember that the 'Personalised Assessments' are a brief snapshot of your child's development during the academic year and do not show the true progress, perseverance, resilience or level of effort your child has displayed.

To discuss the feedback, please contact your class teacher.

Thank you for your continued support,

Mrs Chandler
